the Configuration.

Step 7: In Configuration panel, click on [...] button and select the firmware folder.

Step 8: Now you have successfully added the firmware folder in Broadcom MultiDownloader tool. Click on Apply button to continue.

Step 9: Connect your Android Device to the Computer (while it is turned off, press Volume UP and Down at the same time, then connect to Computer via USB cable).

Step 10: Once you have successfully added the Android Device to the computer then Broadcom MultiDownloader Tool will detect and display it.

Step 11: Now, Click on the Start All Button to begin the Flashing Process.

Step 12: Broadcom MultiDownloader Tool should now commence the firmware flashing process. Wait for it to complete and do not interrupt.

Step 13: Once Flashing is complete, a green OK notification should popup.

Step 14: Close Broadcom MultiDownloader Tool, disconnect your device from the computer and boot / power on the phone.

..and you've successfully flashed your device's stock ROM. Congratulations!
