Specifications and Price Yamaha Mio 125 Blue M3 Core

Specifications and Price Yamaha Blue Core - Development of two-wheeled automotive world that got hotter no doubt make the automotive industry competition became very fierce on any two-wheeled vehicle manufacturer or the manufacturer of the motor where the center was developed countries namely Japan. Just look at Yamaha, Honda, Suzuki and Kawasaki were so dominating two-wheeled vehicles in Indonesia. One type of motor that is very popular in Indonesia is a kind of automatic scooter or can call scooter. This type of motor is a choice and a mainstay of the majority of Indonesian society which is dominated by the women who saw the practicality of this type of motor. Therefore, the community needs Yamaha aware that they have to create the newest automatic motor with the latest innovations as well. At the end of December 2014 quarter is born the latest generation of the automatic motor Yamaha Yamaha Mio M3 125 Blue Core. Indeed, by using an automatic transmission on a motor scooter coupled with the latest innovations made Yamaha Blue Core is easy to use for all people. With the increasing popularity of motorcycle automatic transmission is the engine capacity needs increase as the engine capacity will increase the speed of the motor itself then what is interesting from Yamaha Mio 125 Blue Core M3 this?

yamaha mio m3 125 blue cores

Actually Yamaha Mio M3 125 Blue Core was originally will be officially launched in mid to late December 2014. But Yamaha has done with the introduction of their new scooter phased manner starting from the show headlamp and some sides. As has been known almost all Yamaha motorcycle market segmentation targeting young people and can be sure Yamaha Blue Core is also targeting market segmentation among young people with the spirit of the passionate but not too close to be able to hook the attention of motorists among parents who want innovation and practicality. In accordance with spyshoot circulating on the internet M3 Yamaha Mio 125 Blue Core has a design very young children with a simple look, trendy and sporty expected by Yamaha motor scooter can dominate the market had declined compared with their sport bike market. By holding "Engine" accompanied with a capacity of 125 cc engine of innovation and technology will add to the diversity of automatic motorcycles in Indonesia. How Blue Core technology that it plans to be mounted on a motor scooter? Bro and Sis For more details check out all of the details Mas Sena review about Yamaha Mio M3 125 Blue Core on the reviews this time yes!

Specifications Yamaha Mio 125 Blue M3 Core

In accordance with spyshoot circulating on the internet lately M3 specification Yamaha Mio 125 Blue Core has a design concept that young people really where the impression of simple, sleek, sporty and trendy is becoming an automatic motor into this. Matic motor is going to look very trendy when brought to accompany you walk into the park. Mas Sena getting leaked dimensions Yamaha Blue Core this is 1870 x 685 x 1035 mm with a seat height of 750 mm and weighs 94 kg automatic motor Yamaha makes this one includes cute to be ridden by riders with less height without having to tiptoe if you want to ride. Even with the sleek dimensions including ease of Yamaha Mio 125 Blue Core M3 is maneuvered conditioned crowded streets as in urban streets. Luggage capacity existing in the specification Yamaha Mio 125 Blue Core M3 is 10.1 liters is enough to store your goods, but not enough to keep the helmet standard size. As for the fuel tank capacity of the automatic motor Yamaha which is larger than 125cc motor scooter others with carrying capacity of 4.2 liters for a single charge so as to bring the motor cover the distance of 200 km so that consumption becomes efficient.

specification yamaha mio m3 125 blue cores

To design head lamp which is applied to the specifications of Yamaha Mio 125 Blue Core M3 has a separate form with lights seinnya which if considered design of this lamp glance similar to Honda Honda scooter beatnya. But Yamaha Blue Core head lamp looks like a sport touring motorcycle headlamp belonging to them, namely MT-125 which has the form of a simple, sporty and looks very "eye catching" the whole body. Body design is so slim and fit as well as combined with wings that have "Layer" automatic motor yamaha makes this one looks very sporty and stylish. M3 wing design Yamaha Mio 125 Blue Core is a little reminiscent of the shape of which is owned by Honda Vario CBS which has the form of a towering and stout. At design speedometernya Yamaha Blue Core is almost similar to other Yamaha matic has speed indicator, the distance taken / trip meter, turn signal, headlights, fuel, engine and eco indicator. Speedometer with Eco Indicator This serves to inform motorists while driving in conditions most optimal engine performance so as to save on fuel usage reaches 60%. While the shape of the wheel of the specification Yamaha Mio 125 Blue Core M3 is still belonged Mio Soul adopt the same

tire size large both front and rear tires. Simply complete Bro and Sis not? It is estimated that in the presence of riding the eco indicator makes Yamaha Mio 125 Blue Core M3 will produce environmentally friendly combustion when driving at a speed of 40-60 km / h. Wow! Bro and Sis advanced ya?

yamaha blue core specification

Now it's time we move on to spur the engine sector that supplies power to the automatic motor Yamaha this one. In the specification Yamaha Mio 125 Blue Core M3 has an engine capacity of 125 cc automatic transmission with compression ratio sufficiently high combustion will produce maximum power is estimated at 9.52 ps / 8000 rpm and maximum torque of 9.6 Nm / 5500 rpm can be possible even more. So that would facilitate automatic Yamaha this one to accelerate quickly. Sedangkankan Yamaha Blue Core engine weight alone to 32.6 kg which was the lightest in its class. In addition, the machine is capable of producing large is equipped with air conditioning as well as using the latest CVT. This machine is responsive to race against each round thanks to the result of a fusion engine air flow path design of new capital and measuring 24 mm throttle body and injectors four holes. Despite the relatively high compression ratio Yamaha Yamaha claims that the M3's 125 Blue Core burning 50% more efficient than the initial generation model motorcycles still use carburetors engine that produces less power but consumes more fuel. Even some of the resources stated that Yamaha Mio M3 125 Blue Core is able to cover a distance of up to 111 Km translucent / liter of fuel by using fuel octane 92 or 95. Actually, with a high enough ratio of perceived Yamaha M3 125 Blue Core can use fuel only 88 octane, but certainly not to a distance of 111 Km / liter is. It is possible to use 88 octane fuel to a distance of up to 70 Km / liter. Besides efficient in improving the combustion process, Yamaha Blue Core machine is in working to minimize the frictional power and including recalcitrant in use thanks DiAsil Forged Piston Cylinder and already terbukti. New Yamaha M3 125 Blue Core is the first motor scooter manufactured Yamaha Indonesia where this bike already using the technology that makes the Blue Core performance becomes much more efficient than before. For supplying fuel Yamaha Mio 125 Blue Core M3 uses injection technology which is certainly more environmentally friendly than other types of carburetors.

While the safety feature specifications Yamaha Mio 125 Blue Core M3 includes complete enough to complete the full features such as eco speedometer indicator, smart lock system, the multifunction key and smart side stand witch. You can quickly see the state of the motor just by looking at the speedometer that is informative and easily visible. In eco indicator speedometer Yamaha Blue Core is located in the upper left so make sure motorists more efficient motor control so that saving in the consumption of BBM. In addition there is a multifunctional primary key on Yamaha Mio M3 125 Blue Core as a handlebar lock, ignition and trunk with open access and a safe seat is equipped with a key hole cover. Function smart lock system makes Yamaha Blue Core is currently locking the brakes on the road uphill or downhill with automatic by clicking this feature with your finger. Smart side stand witch makes it more secure when parked motorcycle because it can immediately turn off the engine when the standard lowered. This feature also provides confirmation by the indicator flashes when in use. Very impressive and Sis Bro M3 specification Yamaha Mio 125 Blue Core this?

Price Yamaha Mio 125 Blue M3 Core

Without felt finally we have reached the price segment M3 Yamaha Mio 125 Blue Core which is the last segment of the discussion of the motor with the latest technology that's very interesting. How do after the Bro all know how cool this Yamaha motorcycle? Of course after Mas Sena mengulik offal spec M3 line of Yamaha Mio 125 Blue Core is so carefully and complete from design masculine physique, kitchen runway Blue Core technology that much awaited by lovers of automotive homeland. Will not complete if Mas Sena did not discuss the latest price Yamaha Blue Core to complete this review. Maybe after Bro and Sis listened to the reviews of Yamaha Mio 125 Blue Core M3 will be

interested to have a motor scooter that's sporty and agile. With the latest innovations promoted by Yamaha will definitely be a plus and easily attract the attention of consumers amid rising fuel engine considerable influence in driving budget. Then what is the price of Yamaha Mio 125 Blue Core latest M3 is priced in Indonesia?

It seems that price tag Yamaha Mio 125 Blue M3 Core with the latest technology will be high, the article no other motorcycle that has been using Blue Core attached to this variant. But apparently the price of Yamaha Mio M3 125 Blue Core which was originally marketed in mid-December 2014 to coincide with the Asean Cup Race racing event this turned out to be officially announced the price is only \$ 13.98 million, - only. Well priced Yamaha Blue Core which includes cheap is not it? It was not necessary to prepare a budget that is too high to get the motor with Blue Core technology that reduces fuel consumption and engine capable of producing larger runway. When compared with the Honda Vario CBS cubication which has the same engine that is 125 cc, but with prices that reach 17 million would be advantageous if we choose to buy a Yamaha Mio M3 125 Blue Core. Motor scooter will be suitable for urban communities that often get jammed when it is in transit to require motor efficient in fuel consumption. But the paradigm that says if the motor fuel efficient then it can not be driven quickly broke with this bike. How is quite interested in the motor ni especially after knowing the price of Yamaha Mio 125 Blue Core latest M3?

But Bro all need to understand if the price of Yamaha Mio 125 Blue Core latest M3 is valid only at the price of "On The Road" areas of Jakarta and surrounding areas. For those who are outside the capital Bro then had to get ready dengani possible price Yamaha Mio 125 Blue Core M3 outside the region are higher than the central region due to a consideration of such geographical aspect or the other. But with a price tag Yamaha Blue Core is Mas Sena think it's quite comparable because this automatic machine, satisfactory performance and appearance. For those of you who want to have this bike must be patient in advance and you must be diligent to monitor information about the launch of Yamaha Mio 125 Blue Core M3's.

For more details about the specifications and prices of Yamaha Mio 125 Blue Core latest M3, you also can ask for information to the nearest Yamaha dealer regarding automatic motor Yamaha this one. With this information, then you can find out more details about the advantages as well as the price of the latest Yamaha Blue Core faster at the same time so that you have the automatic motor Yamaha nimble, economical and sporty. Policy by issuing Yamaha Yamaha Mio 125 Blue Core M3 Mas Sena prediction will again raise the name Yamaha motor scooter map national competition in recent times overpowered Honda. Blue Core Technology which claimed one step ahead of the Fuel Injection technology will be a card then Yamaha to reclaim the top-selling automatic

motorcycle manufacturer in the country. Moreover, with the increase in fuel momentum is increasingly enhance the positive value of motorcycles Yamaha to embed this latest technology. Well Bro and Sis, that information regarding the price of Yamaha Mio 125 Blue M3 latest Core ending our encounter on the occasion of the reviews Mas Sena this time.
